

### **Dr. Murray Cameron re-elected as one of the three EPIA Vice Presidents**

Sulzemoos, 18 March 2014 / Dr. Murray Cameron, member of the Executive Board of Phoenix Solar AG (ISIN DE000A0BVU93), an international photovoltaic system integrator listed in Prime Standard of the Frankfurt Stock Exchange, has been re-elected for another three-year term as one of the three Vice Presidents of the European Photovoltaic Industry Association (EPIA). The industry association sees itself as the representative of the global solar industry in respect of European institutions, governments and authorities, and unites companies across the entire solar value chain, from silicon extraction right through to the operation of solar parks.

Dr. Cameron emphasised that: "We are a part of the radical change taking place in the European energy market. Photovoltaics makes a contribution to reducing the carbon footprint as well as drastically lowering the cost of producing electricity. In its corporate role, Phoenix Solar contributes to promoting this process; EPIA as the industry association shows politics the way towards using these advantages compatibly and sustainably."

#### **About Phoenix Solar AG**

Phoenix Solar AG, which is based at Sulzemoos, near Munich, Germany, is an internationally operating photovoltaic system integrator. The Group develops, plans, constructs and assumes operational management of large photovoltaic power plants, and is a specialist wholesaler for complete solar electricity systems, solar modules and related equipment. With its subsidiaries on three continents, the company has sold solar modules with an output of well over one gigawatt worldwide since it was founded. Its focus is on the growth regions in the USA and Asia as well as on developing new business models for solar power beyond public promotion. The shares of Phoenix Solar AG (ISIN DE000A0BVU93) are listed on the Regulated Market (Prime Standard) of the Frankfurt Stock Exchange. [www.phoenixsolar-group.de](http://www.phoenixsolar-group.de)
